

CUSTOMIZATION OVERVIEW

Powering the Co-Creation Generation

Add product customization to your experience using the [Customization Experience Platform \(CXP\)](https://developer.niketech.com/nde-docs/doc/commerce/customization/use-customization.html) (<https://developer.niketech.com/nde-docs/doc/commerce/customization/use-customization.html>).

Integration Overview

[CXP](https://developer.niketech.com/nde-docs/doc/commerce/customization/use-customization.html) (<https://developer.niketech.com/nde-docs/doc/commerce/customization/use-customization.html>) is set of APIs and Components that collectively unlock your consumers' ability to [design](https://developer.niketech.com/nde-docs/doc/commerce/customization/use-customization.html#show-a-design-experience) (<https://developer.niketech.com/nde-docs/doc/commerce/customization/use-customization.html#show-a-design-experience>) and [buy](https://developer.niketech.com/nde-docs/doc/commerce/customization/use-customization.html#enable-purchasing) (<https://developer.niketech.com/nde-docs/doc/commerce/customization/use-customization.html#enable-purchasing>) customized products.

Use Cases

Here are some use cases for integrating CXP capabilities into your experience.

✓ Show Customizable Products (https://developer.niketech.com/nde-docs/doc/commerce/customization/use-customization.html#show-customizable-products)	Which products are customizable? How do I start designing?
✓ Show a Design Experience (https://developer.niketech.com/nde-docs/doc/commerce/customization/use-customization.html#show-a-design-experience)	What customization options are available? What does my design look like? How much will it cost?
✓ Enable My Designs (https://developer.niketech.com/nde-docs/doc/commerce/customization/use-customization.html#enable-my-designs)	How do I save a design in My Designs?
✓ Enable Purchasing (https://developer.niketech.com/nde-docs/doc/commerce/customization/use-customization.html#enable-purchasing)	Is the product available for purchase? How do I select a size? When would my design be delivered to me?

TIP: See [Adding Customization to Your Experience \(https://developer.niketech.com/nde-docs/doc/commerce/customization/use-customization.html \)](https://developer.niketech.com/nde-docs/doc/commerce/customization/use-customization.html) for full integration details.

User Journey

What We Provide

BROWSE	Supported 	- Factory capacity & delivery messaging - Available sizes - Product imagery
	Not Supported 	- Base product data & copy - Non-Builder-based imagery
DESIGN	Supported 	- Flexible design options - Full rendering of consumer's changes - Local storage of consumer's designs
	Not Supported 	- Products/Builders created with other tools/systems - Products that don't leverage Customization data model standards
BUY	Supported 	- Available sizes - Ability to save or share a validated design - A reference ID that can be passed to Cart/Checkout experiences
	Not Supported 	Order Capture & Payment functionality
PRODUCE	Supported 	Bill of Materials per design ID.
	Not Supported 	- No Factory routing - No production solution.
